

PRIVACY & CYBERSECURITY

Privacy and cybersecurity laws are changing rapidly. How can you keep up? Winnow's **Privacy & Cybersecurity** module lets financial services (GRC) professionals stay on top of fast-moving requirements.

Find Just What You Need

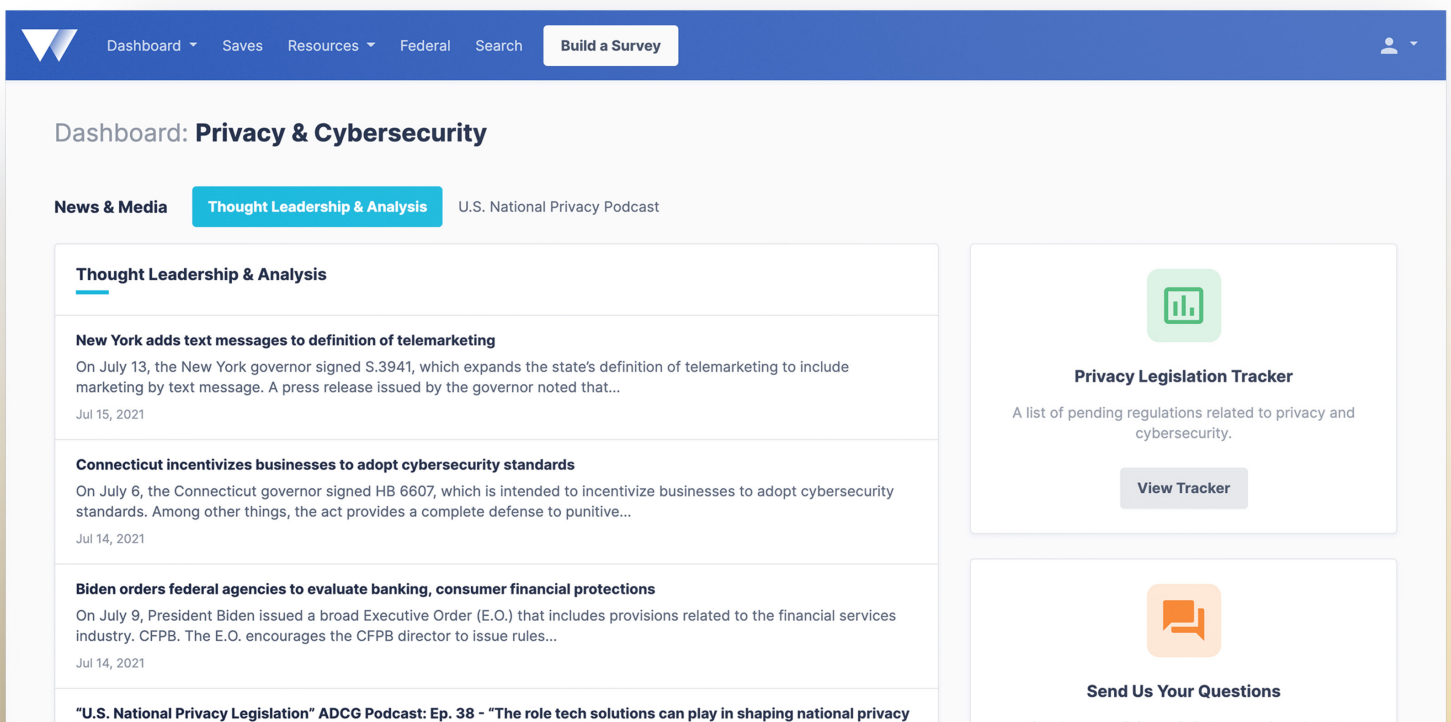

Winnow lets you hone in on the privacy and cybersecurity obligations that apply to you.

- ▶ Do you want to know if your institution needs to comply with opt-in and opt-out rights? **Run a quick survey.**
- ▶ Are you looking for privacy notice or data disposal requirements that apply to your business? **Winnow can tell you that and more.**

We've Got You Covered

Winnow produces state law surveys at a fraction of the traditional cost.

- ▶ Your subscription allows you to create numerous surveys in a few seconds, all of which are **tailored to your institution.**
- ▶ Winnow sends you updates when your survey results change at no extra cost. **Your surveys will always be up to date.**

The screenshot shows the Winnow dashboard for Privacy & Cybersecurity. The top navigation bar includes 'Dashboard', 'Saves', 'Resources', 'Federal', 'Search', and a 'Build a Survey' button. The main content area is titled 'Dashboard: Privacy & Cybersecurity' and features a 'Thought Leadership & Analysis' section with three news items: 'New York adds text messages to definition of telemarketing', 'Connecticut incentivizes businesses to adopt cybersecurity standards', and 'Biden orders federal agencies to evaluate banking, consumer financial protections'. To the right, there are two trackers: 'Privacy Legislation Tracker' and 'Send Us Your Questions'.
